

Plumbing & Water Training Courses & Assessments:

Level 3 Award in Safe Systems for Hot & Cold Water & Sanitation:

Watersafe Experienced Worker Qualification.

Course Overview / Introduction:

The purpose of this qualification is to provide a vehicle by which experienced workers within the plumbing sector can demonstrate the practical skills and theoretical knowledge required to register with the Watersafe Scheme.

The course relates directly to the Watersafe Scheme and should only be undertaken by candidates who are looking to achieve the minimum technical requirements for recognition and registration.

Who is this training course for?

This course is aimed at experienced workers only and is not suitable for new entrants to the plumbing industry.

Course Requirements / Pre-Requisites:

Candidates wishing to complete this qualification must meet certain criteria as detailed below:-

- ◆ Have proven history working within the plumbing industry.
- ◆ Pass an initial theory assessment prior to starting the course.
- ◆ Be in a position to collect evidence and be assessed in a plumbing working environment.

Course Duration:

69 Hours. This course is available weekdays, weekends or evenings. Please call a member of our Training team on 01922 612121 for further details.

Topic Areas Covered:
