

## Electrical Training Courses & Assessments:

# Level 3 QCF Portable Appliance Testing (PAT).

### Course Overview:

This Portable Appliance Testing (PAT) course is designed to enhance the knowledge and skills of those looking to undertake scheduled testing and inspection of electrical equipment and follows the IEE Codes of practice for In-Service Inspection and Testing of Electrical Equipment.

### Who is this training course for?

This course is aimed at both new entrants and existing engineers already working within the electrical industry who need to undertake scheduled testing and inspection of electrical equipment.

### Course Duration:

This course can be attended for either a 1 day (Training Only) course, or a 2 day Level 3 QCF Portable Appliance Testing (PAT) fully accredited course. Monday to Friday 8:30am to 5:30pm. Please call us on 01922 612121 for course availability.

### Topic Areas Covered:

- ◆ Legislation.
- ◆ Equipment Classification.
- ◆ Practical Inspection & Testing.
- ◆ Use of Testing Equipment.
- ◆ Frequency of Testing.
- ◆ Recording and Interpreting Results.

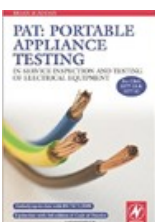

### Training & Assessment methods:

1 day (Training Only) PAT course: Candidates will be assessed both practically and theoretically in all aspects of the Codes of Practice, the testing and inspection of electrical equipment and the recording of results. 2 day Level 3 QCF Portable Appliance Testing (PAT) course: This course will follow the same criteria as the 1 day (Training Only) PAT course but will include formal practical and theory based assessments and examinations.

### Course Achievements:

Candidates attending the 1 day (Training Only) PAT course will be issued with a Certificate of Attendance from Walsall Training Centre Limited. Successful candidates attending the fully accredited 2 day course will be awarded the Level 3 QCF In-Service Inspection and Testing of Electrical Equipment qualification and certification.

### Additional Information:

It is preferred (but not essential) that candidates purchase their own copy of 'IET Codes of Practice for Inspection and Testing of Electrical Equipment 4th Edition' for this course, a copy of which can be purchased from:-
