CONGRATULATIONS !

Big congratulations go out to some of our Plumbing Level 1 students, who have successfully completed the BPEC Level 1 in domestic Plumbing & Heating course. The course was funded by the Black Country Impact project, which has helped 100's of individuals to gain qualifications through various training programmes and have also helped get individuals back into work.

We are very proud of the commitment and attitude of all the students involved on this training programme: So, a BIG well done to:

Anthony Griffiths / Calvin Donaghue / Melissa Hart / David Wallace

For more information on any of our QCF Level 1 / 2 and 3 Plumbing courses, please call Steve Edis on **01922 612121**

Pictured right, are some of the students with their Level 1 certificates.

FREE - Salus Controls Training Sessions.

We are pleased to announce that Salus Controls will be holding a series of **FREE** training sessions on 19th July, here at Walsall Training Centre. The sessions will focus on the wiring side of the new heating controls, and information on the Salus products. If you are interested in attending, please email walsalltraining@btconnect.com. Other dates are being planned for the future, and we will publicise these when we have them.

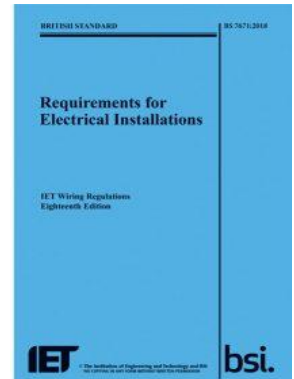

18th Edition Wiring Regulations - Update

Following on from our March newsletter, we have now got a series of dates for the new 18th Edition Wiring Regulations Course, at the moment we are offering 3 routes of training and assessment for this qualification, which are detailed below.:

- **3-day course** (2 days training & 1-day assessment) for candidates holding a current 17th Edition with 3rd amendment ONLY.
- **4- day course** (3 days training & 1-day assessment) for candidates who have NOT attained the 17th edition 3rd amendment.
- **Assessment ONLY** (1 day)– This is for any candidate who has completed any on line / e learning program or has a very good understanding of the current regulations. (no training given for this route)

For more information / availability / course dates and costs please call us on
01922 612121

We also have the regulations books and On Site Guides, available to purchase, at discounted rates.

Boiler Plus Night - THANK YOU

Many thanks to everyone who attended our recent Boiler Plus training night. The event was very well attended by installers, and industry representatives. Our thanks also go to Ideal Boilers, and Salus Controls for their continued support.

We are planning more training events like this one, for the Autumn, and we will keep you updated once we have confirmed dates. Many thanks once again.

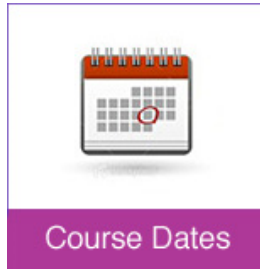

Don't forget you can now book selected training courses via our brand new on-line shop www.walsalltrainingshop.co.uk

Training courses available to book are:

- VENTED & UNVENTED HOT WATER
- WATER REGULATIONS
